Subject: Follow-up to National Tribal Operations Committee
Attachments: MEMO - Follow-up to National Tribal Operations Committee.pdf; Understanding Tribal Exposures to Toxics June 2015.pdf

Dear EPA NTOC Participants,

On behalf of the Office of International and Tribal Affairs (OITA) and American Indian Environmental Office (AIEO), I'd like to express my great appreciation for your participation in the April 10, 2019, National Tribal Operations Committee (NTOC) Meeting. The success of this year's NTOC resulted from the hard work and preparations of you and your staff. Thank you for that investment and engagement with our tribal partners.

I have attached a letter summarizing EPA action items and invitations to Indian Country. In the coming days, AIEO will work with your offices on these matters, as appropriate. I'm pleased EPA is already moving forward on many of these action items. At the request of the National Tribal Caucus, our Office of Chemical Safety and Pollution Prevention (OCSPP) is sharing the National Tribal Toxics Council's *Understanding Tribal Exposures to Toxics* Report created to enable readers to recognize situations that might require an understanding of how natural resources are used by tribes for food, medicine, cultural and traditional practices, and/or recreation.

I look forward to our continued work together towards protecting tribal environmental and public health.

Sincerely,

W.C. McIntosh, Assistant Administrator
Office of International & Tribal Affairs
